Specializing in the treatment of diabetes, thyroid disease, osteoporosis, and lipid, adrenal and pituitary disorders

Directions to Metabolism Associates office = temporary Endocrine Associates "satellite" office. GPS address = 34 East Industrial Rd (Ste 5), Branford, CT.

I-95 South (from Old Saybrook, Guilford):

Exit 56 for Stony Creek/Branford. At the exit 56 traffic light, take a RIGHT at Connecticut Shellfish Company. Then take an *immediate* LEFT into the 34 East Industrial Road building complex. The Endocrine/Metabolism Associates Office is on the North side of a rear building, look for the blue awning.

I-95 North (from New Haven, East Haven):

Exit 56 for Stony Creek/Branford. At the traffic light, take a LEFT on Leetes Island Road, then cross the bridge over I-95. At the next light (the corner has two gas stations and a Dunkin Donuts), take a RIGHT onto East Industrial Road. Drive past the Stop & Shop and the TA truck stop to the next traffic light, located in front of Connecticut Shellfish Company. Just after the second light, take a LEFT into the 34 East Industrial Road building complex. The Endocrine/Metabolism Associates Office is on the North side of a rear building, look for the blue awning.
